Om den sökande finansieras av stipendium/If the applicant is funded by scholarship

I, the potential main supervisor for the applicant, understand that the lowest total compensation for a doctoral student is the same as the amount for the Swedish Institute guest scholarships, i.e. 15 000 SEK per month from 2013-09-01. This is in accordance to the president's decision (dated 2012-12-11) regarding funding of doctoral students who do not have an employment at KTH.

Förtydligande av stipendiebelopp mm./ Clarification regarding amount of the scholarship etc.

Stipendiegivare Scholarship fund	Stipendiebelopp per månad (kr) Scholarship amount per month (sek)	Utlovad finansiering i månader Months of guaranteed scholarship
